What is Community Policing?

Community Policing is a strategy aimed at achieving more effective crime control, reducing fears of crime, improving quality of life, and improving police service and legitimacy. These goals are achieved through a proactive reliance on community resources, seeking to improve crime causing conditions. The police and the community are encouraged to work closely together to solve problems of crime, physical and social disorder, and neighbourhood decay.

What are the objectives of Community Policing

- Establishing a partnership between police and the communities they serve, ensuring effective protection of communities and a better quality of life.
- Ensuring the police address the primary needs of the community, and are accountable to these needs.
- Enhancing the quality of information available to the police to develop a proactive and problem-solving approach to crime and violence.
- Providing communities with a visible and accessible policing presence.
- Enhancing the public's confidence in the police and deterring criminals.
- Inspiring police officers who can interact sensitively with their communities and in a manner that respects local values.

What is a Community Police Forum

A Community Police Forum is a group of people from a community and police representatives who meet to discuss safety problems in their community. They aim at ensuring police accountability, transparency, and effectiveness in the community. CPFs are established in terms of section 19(1) of the S.A.P. S. Act, Act 68 of 1995.

THEREFORE, public participation and attending the community meeting, is the essence of the CPF.

Lyttelton SAPS operational success: Car thief caught!

On 2019/08/13

Members of the Lyttelton Roving team were on duty when they received information regarding a white VW Polo that was suspected to be used in theft out of motor vehicles in the Lyttelton policing area. The suspect vehicle was seen entering Dorinkloof suburb and the team immediately sprung into action and began to search for it.

The vehicle was spotted at Dorinkloof Primary school, there was one African male inside the vehicle, the members then tactically approached the suspect and searched the vehicle, inside they found two devices that are used to jam the remote locking mechanism of motor vehicles. They further found that the vehicle had false registration plates on and the original plates were hidden under the back seat.

The suspect was placed under arrest and will face charges of:

- 1) Possession of car breaking implements
- 2) Possession of suspected stolen property
- 3) Fraud.

The suspect will appear in the Pretoria magistrates court within 48 hrs.

The Management of Lyttelton SAPS under the Command of Brigadier TP Matlala has welcomed the arrest and praised the members for their hard work and dedication. He further said that "the South African Police Services would not allow the criminals to come into our areas and do what they want, we will do what is necessary in order to make sure that our streets are safe and free of the criminal element. "

Mobility aids for rent

CPF has a wheelchair, walker, walking frame, crutches and a leg shooter available which can be rented at a nominal fee. All funds raised go to ZFAC for the use of the CPF. Cost per item and administration of the system will be announced. Contact William on 0824445027.

You can give back to the community, find out how. Contact 0832899781.

How NOT to be a soft target

1. While walking, put your phone out of sight and be aware of people or vehicles around you,
2. When parking your vehicle, check by hand if all doors are locked properly,
3. When drawing cash, don't help anyone, if you suspect tampering, report,
- 4. Don't draw large amounts of cash alone!,**
5. Coming home, stop just inside your gate, until it is closed, with no room for a vehicle to box you in.
6. As soon as possible, lock your doors.
7. Keep curtains drawn when lights inside are on,
8. Beware of hoax sms's or emails, check before you react,
9. Stopping at a traffic light, make eye contact with the beggar, don't open your window, do not give him anything, because that is keeping him there!
