Holiday Time aka Shopping Season

What do residents normally forget to do when traveling during the festive season?

1. They forget to be aware of their surroundings,
2. They forget that criminals are everywhere, and that they are good at their job,
3. People forget to arrange a house and/or pet sitter.
4. Remember to buy and load electricity before you leave.

What do the criminals usually focus on?

1. They focus on catching you unaware. While you are having a conversation, they open the back passenger door. If you don't check when locking your vehicle, you will be the victim of theft.
2. Parents who are distracted by their children, people sitting in a restaurant with their phone in plain sight or handbag on the ground are targets.
3. Leaving valuables in a beach bag and going swimming.
4. If you are hanging out of the vehicle's window taking pictures, you may lose your camera.

What should residents do when traveling during the festive?

1. When you are going on holiday, ensure that you have arranged someone to take care of the pets, switch different lights on at night, manage dustbin day, take post out of the postbox, pick up any objects from pavement such as bottle caps, cans, bottles, take-away packaging etc.
2. On your journey, keep in mind that the criminals are working, everywhere. Don't relax to such an extent that you make yourself a target for crime.
3. At your destination, ensure that doors are locked and valuables out of sight.
4. You can visit the nearest SAPS and ask about crime tendencies in the area. Even though you are there to relax, you must be aware of what is going on around you, especially of people loitering, who are not on holiday.

What can be done to keep our communities safe during the festive season?

1. Neighbours should look after each other's properties. A neighbour will notice when something is out of place.
2. He or she can take your mail inside, switch the lights on at night,
3. They can take your dustbin out on dustbin day, and bring it in again.
4. Those who stay home should report anything suspicious, attempted crime or successful crime immediately to SAPS/CPF/Private Security. Make sure you have the contact details on hand.
5. If your neighbour hears or sees something in your yard, they should get help in as soon as possible. They must have your armed response company details.
6. Cut the lawn on your pavement. Uncut lawn on your pavement is a sign that you are not home.

Dustbin Day

During dustbin days the Zwartkop X8 community members take part in dustbin patrols. They have 30 members who each patrol 1-2 hours per month, 3-4 members on a Tuesday from 05:00 – 09:00.

It has been proven that criminals and scouts for criminals use the informal recyclers as a "curtain" to blend in and seem not suspicious. Sometimes informal recyclers are also opportunists. **Please do not put your dustbins out the night before dustbin day. Do not put out food on your bins as that lures opportunistic criminals into the area.**

For the protection of our community:

DO NOT PROVIDE SHELTER FOR THE RECYCLERS DURING MONDAY NIGHT!

How NOT to be a soft target

1. While walking, put your phone out of sight and be aware of people or vehicles around you,
2. When parking your vehicle, check by hand if all doors are locked properly,
3. When drawing cash, don't help anyone, if you suspect tampering, report,
4. **Don't draw large amounts of cash alone!**
5. Coming home, stop just inside your gate, until it is closed, with no room for a vehicle to box you in.
6. As soon as possible, lock your doors.
7. Keep curtains drawn when lights inside are on,
8. Beware of hoax sms's or emails, check before you react,
9. Stopping at a traffic light, make eye contact with the beggar, don't open your window, do not give him anything, because that is keeping him there!

Your CPF, your safety

The CPF Lyttelton Sector 1 belongs to the community, for the people by the people.

For December 2019 we have the following volunteers available, looking after the Zwartkop, Centurion CBD up to Jean, Highveld Community:

Patrollers: Zwartkop 6, Die Hoewes 2, Highveld 4. With these numbers it is virtually impossible to show visibility on a scale that will deter crime during the Festive Season. So be prepared for a hike in crime.

Jocs: 8 from Zwartkop, 2 from Die Hoewes. That is approximately 74.4 hours per **volunteer**.

Would you volunteer so many hours? Do you expect your neighbour to volunteer and you enjoy the service provided?
